

## **PRIVACY POLICY**

### **Security Statement**

Scott Electric takes every precaution to protect our customers' information. When customers submit sensitive information via the Web site, their information is protected both online and offline. We use high grade SSL (secure socket layer) encryption to communicate with your browser software. This method is the industry standard security protocol, which makes it extremely difficult for anyone else to intercept the credit card information you send to us. Companies we work with to process credit card transactions also use high grade encryption and security protocols. Scott Electric employs error checking procedures to make certain transactions are processed completely and accurately. As necessary, changes are made to improve our systems. And, independent external and internal audits are conducted to ensure the privacy, security and appropriate processing of your information on our site. Scott Electric processes orders instantly and does not store any credit card information at any time. We do not guarantee the absence of theft, hacker activity, electronic or non-electronic tampering, or computer crime, and we hereby disclaim responsibility and liability for stolen information.

### **Disclaimer**

The Privacy Policy adopted by Scott Electric and all statements contained on this site about privacy and how we deal with data supplied by visitors to this site are not intended to be a contractual obligation of any kind and any such obligation is hereby disclaimed. These statements constitute the present policy of Scott Electric as to which it will take reasonable measures to implement.
